A friendly reminder about our No Show Policy:

Many summer appointments are booked in advance when vacation plans have yet to be confirmed. Please keep this mind when it comes to your visits here at CoMedPro and double check your calendar to avoid potential conflicts. We kindly ask for 48 hour notice for all rescheduled and canceled appointments or we may need to impose our \$35.00 no show fee.

June is National Safety Month:

Injuries are a leading cause of disability for people of all ages — and they are the leading cause of death for Americans ages 1 to 44. The good news is everyone can get involved to help prevent injuries.

During National Safety Month, **CoMedPro** encourages you to learn more about important safety issues like prescription painkiller abuse, transportation safety, and slips, trips, and falls.

- Prescription painkiller abuse: Prescription painkiller overdoses are a growing problem in the United States, especially among women. About 18 women die every day from a prescription painkiller overdose — more than 4 times as many as back in 1999.
- Transportation safety: Doing other activities while driving — like texting or eating — distracts you and increases your chance of crashing. Almost 1 in 5 crashes (17%) that injured someone involved distracted driving.
- Slips, trips, and falls: One in 3 older adults falls each year. Many falls lead to broken bones and other health problems.

Community Awareness:

CoMedPro is once again a proud sponsor of the Walk, Run and Roll taking place on June 13, 2015 in Chelmsford, MA. Learn more at <http://restorethebosh.com>
